## about us.

Ever since shop owners Matt & Jamie met at college in 2017, two of their favorite activities to do together have been wine tasting and antique shopping. This sparked the desire to launch Timeless Trinkets in Napa Valley's small, magical town of St. Helena.

They imagined a place where all were welcomed and comfortable. Thus, the storefront became a place where customers could learn, craft, explore and shop. Matt & Jamie could not be happier about what Timeless Trinkets is today -- a place of community where all people have the opportunity to discover the power of exploration, creativity & antiques.
